What our Clients have been saying about our Expert Witness capabilities

Plaintiff Attorney, Breidenbach Huchting & Hamblet –

"We were able to settle the case prior to the scheduled trial date. Your expertise, testimony, and professionalism went a long way in getting this case settled. At mediation, we were able to get the defendant to increase its settlement offer substantially. We attribute the increase to your testimony.

Thank you for your efforts. Your contribution was invaluable. Given a challenging assignment, you quickly learned all of the facts, and expressed opinions that were convincing and obviously based on meticulous groundwork. At your deposition, you handled yourself admirably despite skillful questioning from an experienced cross-examiner. In addition your demeanor while under cross-examination was superb.

It was a pleasure working with you in this matter. You were at all times flexible and available. Whenever follow-up information was needed, you made sure that it was provided to you so your testimony was as complete and credible as possible"
